**SUPPLEMENTAL RESPONSE**  
**TO OFFICE ACTION UNDER 37 C.F.R. SECT. 1.111**

Sir:

In reviewing the text of Applicant's response filed 07/18/2006, it was noted that an apparent transcription error of unknown origin resulted in unintended deletion of a single line at the very bottom of Response page 13.

The affected line of text reads:

**Examiner argues that Parry's system could be modified in view of Langdon.**

While inclusion of the line is not critical to the completeness of the response, its omission, nonetheless, may result in some confusion as to the substance of Applicant's arguments. Accordingly, Applicant has included

herewith a substitute Page 13 of the 07/18/2006 Response and requests that the Examiner consider this information in the proper context when next taking action on the subject application.

The erroneous deletion and the attendant inconvenience is sincerely regretted. Applicant is continuing an earnest effort to present a full and complete response as well compelling support for patentability. Again, should unresolved issues remain (including any requirement for additional fee payments), which issues could be eliminated through a discussion with the undersigned Agent, the Examiner's call is welcome at any time.

Respectfully submitted on behalf of Applicant,
